A Card from Dr. James M. Jarrett, of In the SCANDINAVIAN VEGETABLE BLOOD PILLS are united the three great medicinal properties which Physicians have heretofore tried in vain to combine in one preparation. They relieve the bewels, purify the bile and the blood, and invigorate the constitution, at one and the same time. To this fact, all who try them will subscribe. The absence of minerals, and of every stupifying drug, renders them harmless, even to the most delicate female, or the feedlest child. No one can doubt their superiority after one single trial—they are not only better, but, in fact, cheaper than any other Pills, for it takes a less aumber of them to make a botter effect.

THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above institution, the cure of Physician, and at welve year's course of steady devotion to the cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantage of pathological research—aided not a little by a perfect system of Medical Inhalation—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air-Passages. By inhalation, the vapor and curative properties of medicines are direct-lated on the diseased organs and the integra-ments. I do not advise the use of Medical Inhalation.
